FY 2013 Proposed Budget Summary Table and Highlights

Expenditure By Classification	FY 2011 Actual	FY 2012 Approved	FY 2013 Proposed	% Change 2012-2013
Personnel	\$47,437,206	\$49,673,537	\$51,925,444	4.5%
Non-Personnel	38,989,149	41,109,208	36,363,551	-11.5%
Capital Goods Outlay	31,807	88,116	152,677	73.3%
Total Expenditures	<u>\$86,458,162</u>	<u>\$90,870,861</u>	<u>\$88,441,672</u>	-2.7%
Sources of Funds				
Internal Services	\$1,229	\$85,086	\$149,647	75.9%
Special Revenue Funds	40,890,150	41,494,415	38,355,717	-7.6%
ARRA - Stimulus Fund	670,955	0	0	0.0%
Total Designated Funding Sources	<u>\$41,562,334</u>	<u>\$41,579,501</u>	<u>\$38,505,364</u>	-7.4%
Net General Fund Expenditures	<u>\$44,895,828</u>	<u>\$49,291,360</u>	<u>\$49,936,308</u>	1.3%
Total Department FTE's	<u>583.5</u>	<u>582.1</u>	<u>578.8</u>	-0.6%

Highlights

- In the FY 2013 proposed budget total expenditures decrease by \$2,429,189 (2.7%). The General Fund budget increases by \$644,948, or 1.3% while Special Revenues decrease in the amount of \$3,074,137 (-7.4%).
- Personnel costs increase by \$2,251,907 (4.5%) as a result of funding merit-step increases and the increasing cost of employee benefits in FY 2013. Also contributing to the increase in personnel is the reclassification of several existing positions related to the creation and ongoing re-organization of DCHS. These increases to the personnel budget are offset by the transfer of 2.0 FTEs to the City Manager's Office and 1.0 FTE to the Finance Department, and the proposed reduction of 4.0 FTEs.
- Non-Personnel costs decrease by \$4,745,657 (-11.5%) primarily due to the State assuming control of the Child Day Care Fee System program and the transference of lead agency responsibility for the Virginia Preschool Initiative from the City to the Alexandria City Public Schools (described in greater detail at the end of this section). These decreases are offset slightly by current services adjustments for mandated contract and lease increases.
- The FY 2013 proposed budget recommends approximately \$2.5 million in reductions to the DCHS budget. Some of these reductions have been proposed as a result of programmatic and funding changes at the State level. For example the State has proposed to reduce/eliminate funding support for quality initiatives at day care centers and the Companion Aid and General Relief programs. Other General Fund reductions are the result of continued efforts by staff to closely monitor program expenditures, such as with the Comprehensive Services Act program. Additional reductions have been proposed as a result of increased efficiencies and better alignment of budgets to actual expenditures. Still though, some reductions will result in programmatic and service reductions. Examples include the Senior Taxi Reservation System, out of school time programs at the Campagna Center, and transportation assistance to JobLink clients. Additional details on all of the proposed reductions can be found at the end of this section.
- The proposed budget includes funding for one new Senior Therapist position within the HomeBased program which serves to provide therapeutic services to children with serious emotional disorders who are at risk of being placed outside the community.

Department of Community & Human Services

Mission Statement: The Department of Community and Human Services provides effective and essential safety net services that measurably improve or maintain the quality of life for Alexandrians.

The Organization of the DCHS

In FY 2012, the Department of Mental Health, Mental Retardation, and Substance Abuse (DMHM RSA), the Department of Human Services (DHS), and the Office on Women (OOW) merged into one agency: the Department of Community and Human Services (DCHS). The goal of the reorganization is to bring together the City's social safety net programs under one organization to facilitate better coordination of services, improve access to services, and enhance the experiences and outcomes of persons served. As a result of the consolidation the DCHS is now the City's largest single department with a total All Funds budget of \$88.4 million and 578.8 full-time equivalents (FTEs) in FY 2013. In order to manage a department of this size and ensure DCHS meets its goals of improving the City's social safety net programs, the department has been organized into the following three centers: 1) Adult Services; 2) Children & Families; and 3) Economic Support; along with Administrative Services and the Office of Strategic Initiatives and Communication, which manages human resources, planning, women's issues, Alexandria's Fund for Human Services and communication and outreach to the Alexandria community.

The three programmatic centers (Adult Services, Children & Families, and Economic Support) are responsible for providing vital social safety net services to Alexandria's residents. By merging programs from three different departments the City will serve clients who would have previously received services from providers in different departments under one organization. This change will eliminate inefficiencies and decrease any duplication of efforts. In addition, bringing together human services professionals with expertise in similar areas (e.g., children or adults) will create more opportunities for the City to better align the services it provides to residents. The Center for Adult Services encompasses mental health, substance abuse and intellectual disabilities services for adults, jail services, and emergency and crisis response services from the former DMHM RSA along with aging and adult services from the former DHS. The Center for Children and Family Services encompasses treatment and prevention services from the former DMHM RSA, domestic and sexual violence services from the former OOW and child welfare, Comprehensive Services Act (CSA), early childhood development, and youth services from the former DHS. The Center for Economic Support merged JobLink, community services, and public assistance programs from the former DHS.

Other medium-to-large City departments have administrative functions organized under Leadership & General Management programs. The DCHS has a central administrative unit entitled Administrative Services. It is tasked with providing leadership and management support to the three programmatic centers. Examples of department-wide support functions provided by Administrative Services include fiscal oversight of the Department's \$88.4 million budget (which includes \$38.5 million in grant and special revenue), management of numerous facilities, and IT services. Smaller leadership and general support programs have been established within each programmatic center in order to provide strategic direction, oversight and accountability of the programs and services each center provides to the community. All together, the four leadership and management programs within the DCHS account for 11.6% of the Department's total budget and 14.4% of total FTEs.

As shown in the table below, the FY 2013 proposed budget includes the addition of 3.8 full-time equivalents (FTEs). Of this, 2.8 FTEs were added to the DCHS budget mid-year in FY 2012. This included the restoration of funding for a Bus Driver and Employment & Training Specialist through the reallocation of existing resources, the addition of a part-time grant funded Outreach/Prevention Specialist and a .25 FTE increase to an existing part-time Psychiatrist position.

These increases are offset by a reduction of 7.0 FTEs. The proposed budget reallocates 3.0 FTEs to other departments within the City and eliminates 4.0 FTEs (described in greater detail at the end of this section). The net staffing impact for DCHS in FY 2013 is a decrease of 3.3 FTEs.

Department of Community & Human Services

Summary of Budget Changes

Adjustments to Maintain Current Services			
Activity			FY 2013 Proposed
General Fund Adjustments			
Various	<i>Contractual Increases</i>	0.0	\$195,790
Adjustments are necessary to cover increases required by contracts held by DCHS in order to maintain the current level of services provided to the Alexandria community. Significant and notable contractual increases include \$86,127 for the Alexandria Community Shelter and Winter Shelter; \$47,663 for Birmingham Green which provides elderly residential care; \$37,000 for the Congregate Meals and Meals on Wheels programs; and \$25,000 for Senior Taxi which is operated by Senior Services of Alexandria.			
Various	<i>Increased Lease Costs</i>	0.0	\$33,259
Lease costs throughout the Department were increased as mandated in contracts held by DCHS. The Department has leased space at 2525 Mt. Vernon Ave, 1900 Beauregard Street, 720 North St. Asaph Street and 421 and 4480 King Street.			
Special Revenue Fund Adjustments			
Activity			FY 2013 Proposed
Adjustments			
Child Care Services	<i>Child Day Care Fee System</i>	0.0	(\$2,511,828)
The Child Day Care Fee System provides financial assistance for child care services to income eligible families to allow parents to work or attend a school or education program leading to employment. Funding support for this program had been provided by the State and the City, with the City being responsible for making payments to private day care providers on behalf of eligible families. During FY 2012 the State assumed the responsibility of making payments directly to providers and no longer requires the City to provide a 10% match to the program. This results in a General Fund savings of \$414,352. This also means the State will no longer allocate \$2.5 million in special revenues to the City to make payments to providers. The FY 2013 proposed budget reflects this change by reducing the special revenue budget and expenditures in the Child Care Services activity by \$2,511,828.			
Early Intervention	<i>Virginia Preschool Initiative</i>	0.0	(\$810,000)
During FY 2012 a memorandum of understanding between the City and Alexandria City Public Schools (ACPS) resulted in the transfer of lead agency responsibility for the Virginia Preschool Initiative (VPI) from the City to the Schools. As a result, the special revenue funds allocated to Alexandria from the State for VPI have been transferred to the School's grants and special projects fund budget. This results in a decrease to the DCHS special revenue fund budget and expenditures in the Early Intervention activity of \$810,000 in FY 2013. This transfer will not change the amount of state dollars received by Alexandria, nor will it adversely impact the level of preschool services provided by the Schools or the City through private day care providers.			

Department of Community & Human Services

Summary of Budget Changes

Special Revenue Fund Adjustments

Activity	Adjustment		FY 2013 Proposed
Residential Services	<i>Increased Medicaid Revenue</i>	0.0	\$24,705
The department is projecting revenue from Medicaid to increase by \$24,705 in FY 2013 which reduces the General Fund budget need by an equal amount.			
Various	<i>Increased VDSS Reimbursement for Staff</i>	0.0	\$50,061
The department has identified two positions to be eligible for partial reimbursement from the Virginia Department of Social Services (VDSS). Submitting these positions for partial reimbursement will generate an additional \$50,061 in special revenue and result in a corresponding decrease to the General Fund budget of that same amount.			

Expenditure Reductions

Activity	Adjustment		FY 2013 Proposed
Day Support	<i>Eliminate PT Direct Support Technician</i>	-0.5	(\$24,910)
This position provides direct support to clients with intellectual disabilities within the City's Day Support program. The reduction of this part-time position will reduce service levels but not below the current licensing standards that DCHS is required to meet.			
Early Childhood	<i>Eliminate PT Social Worker I</i>	-0.5	(\$37,055)
This part-time position mentors day care providers on early childhood development theory and practice, with the overall goal enhancing the quality for services offered by private providers who operate out of their homes. DCHS has determined however that this program has not been as effective as had hoped and is proposing to eliminate this position.			
Adult Leadership & General Mgt.	<i>Eliminate Assistant Director</i>	-1.0	(\$135,626)
This proposal eliminates the vacant Assistant Director of Community Support Services in the Center for Adult Services. This reduction will potentially result in delays to the integration/coordination of consistent best practices models within the mental health outpatient services activity. Existing program managers will become responsible for the implementation of best practices models.			
Technology Services	<i>Eliminate Technology Services Position</i>	-1.0	(\$162,414)
The elimination of a technology services position within DCHS will impact internal IT service levels for the department and cause delays in implementing new software and hardware.			
Child Care Services	<i>Eliminate Supervisory Admin. Analyst</i>	-1.0	(\$71,576)
With the State's decision to implement an automated system to pay private day care providers the need for DCHS staff to administer this process has diminished, which results in the need for less administrative support within the Child Care Services activity. The remaining administrative functions carried out by this position can be absorbed by existing staff.			

Department of Community & Human Services

Summary of Budget Changes

Expenditure Reductions			
Activity	Adjustment		FY 2013 Proposed
Comprehensive Services Act	<i>Program Cost</i>	0.0	(\$346,000)
Total costs (including the State share) for mandated services associated with the Comprehensive Services Act (CSA) are projected to decrease by \$784,407 resulting in a corresponding General Fund decrease of \$346,000. Total program costs are expected to be \$8,838,757 compared to \$9,623,164 in FY 2012. Reduced program costs continue to be the result of decreasing caseload levels and the utilization of preferred community-based treatment programs which are less expensive than residential programs, and which provide better services for most children.			
Child Care Services	<i>Child Care Day Fee System</i>	0.0	(\$414,352)
As previously noted, effective December 2011 the State took over the fiduciary responsibility of paying local day care providers who participate in the Child Care Day Fee System. The State also eliminated the 10% local match requirement for this program which results in a General Fund savings of \$414,352. There will be no impact on services as a result of this change.			
Child Care Services	<i>Local Provider Rate Supplement</i>	0.0	(\$100,000)
This reduction eliminates the child care provider rate supplement of \$2.20 per day for toddlers and \$5.40 for full day school age care (when school is not in session). The rate supplement was a local initiative (not funded by VDSS) aimed at helping to provide additional financial support to local day care providers. It should be noted that with the State's decision to take over the responsibility to pay local providers directly, it is no longer feasible for the City to make a separate payment to day care providers.			
Out of School Time Services	<i>Program Reduction</i>	0.0	(\$53,871)
The proposed 3% budget reduction to the City's annual cooperative agreement to the Campagna Center for out of school time services results in a General Fund savings of \$53,871. This funding is used to subsidize fees charged to working families with school aged children enrolled in the Campagna Kids program. Approximately 800 students are currently enrolled in this program. It is anticipated that this reduction will significantly impact tutoring, enrichment and other program activities.			
Foster Care	<i>Foster Parent Training</i>	0.0	(\$67,200)
The goal of foster parent training is to provide training to new foster parents to develop and enhance their abilities to provide a stable and supportive living arrangement for foster children who have special needs. The department has not been expending funds up to the VDSS budget authorization and as a result can decrease the General Fund contribution to this program with minimal to no impact on the number of trainings provided to new foster parents.			
Regulatory Services	<i>Quality Initiatives General Fund Match</i>	0.0	(\$5,328)
Starting in FY 2013 the State will no longer provide an allocation to the City to fund quality initiatives for child care service providers. Therefore, the local match of \$5,328 will no longer be required. This reduction will mean that DCHS will no longer be able offer CPR and First Aid training to child care providers and the cost of those initiatives will be the responsibility of each center.			

Department of Community & Human Services

Summary of Budget Changes

Expenditure Reductions			
Activity	Adjustment		FY 2013 Proposed
Aging in Place	<i>Companion Aid Program</i>	0.0	(\$155,000)
<p>Since FY 2009, DCHS has been reducing expenditures for the Companion Aid Program through more careful screening of participants which has resulted in some clients being referred to the Medicaid Home and Community Based Waiver Program. Through this screening and referral process the budget for the Companion Aid Program has ended the past two fiscal years with surpluses. This trend is expected to continue in FY 2013 and is anticipated to save the City \$67,857. The remaining portion of the reduction comes from the elimination of the General Fund match for VDSS Adult Services programs (\$87,143) due to the State proposing to eliminate all VDSS Companion Program funding. The combination of continued implementation of efficiencies and the elimination of the City General Fund match results in a General Fund budget reduction of \$155,000.</p>			
Aging in Place	<i>Senior Taxi Reservation Service</i>	0.0	(\$70,000)
<p>Senior Taxi provides taxi rides to seniors age 60 and older within and up to 5 miles beyond the city limits for a small co-pay for each trip. To schedule a trip seniors call Senior Services of Alexandria (SSA) which in turn schedules the reservation with Alexandria Yellow Cab. This reduction eliminates funding for the reservation service provided by SSA which will result in riders having to call Yellow Cab directly to schedule trips. This reduction will not impact the number of one-way trips provided or the current rate of a one-way trip.</p>			
Psychiatric Services	<i>Support for Psychiatric Medication</i>	0.0	(\$200,000)
<p>As part of the Psychiatric Services Activity, the City purchases psychotropic medications for Community Services Board (CSB) consumers who do not have prescription drug coverage or other options for obtaining medications on their own. This service is funded through City General Funds and restricted State medications revenue, and approximately 1,000 consumers were served in FY 2011. This reduction decreases the General Fund budget for this service by \$200,000, which based on prior year actuals, would still leave sufficient funding in FY 2013 to purchase necessary medications even with anticipated increases in psychotropic medication costs.</p>			
Youth Development	<i>Community Service/New Horizons</i>	0.0	(\$104,509)
<p>This reduction would eliminate the Community Service/New Horizons program administered by the Northern Virginia Urban League which provides prevention services for at-risk youth. Program activities include life skills development group sessions, individual counseling, field trips and enrichment activities. The program no longer provides placement of juvenile offenders referred by the Court Services Unit. The elimination of this service would result in approximately 85 at-risk youth not receiving primary and early intervention services. Those youth needing these types of services could self-refer to other City and community programs.</p>			
Youth Development	<i>Youth Master Plan</i>	0.0	(\$75,000)
<p>This reduction removes \$75,000 in one-time funding for the development of a Youth Master Plan. It is anticipated that the one-time appropriation in FY 2012 will be sufficient for staff to achieve the purpose of the plan which is to marshal resources to achieve a community where youth feel safe and secure and have the values, skills and resources necessary to reach their highest potential.</p>			

Department of Community & Human Services

Summary of Budget Changes

Expenditure Adjustments			
Activity	Adjustment		FY 2013 Proposed
Adult Employment	<i>JobLink Client Transportation</i>	0.0	(\$15,000)
This reduction will reduce the availability of transportation assistance to job interviews or places of employment for unemployed persons with no or limited transportation resources.			
Community Services	<i>General Relief Program</i>	0.0	(\$86,525)
The General Relief program is a state and locally funded program that provides support for clients not qualified for federal assistance. In FY 2012, the program was reduced to only support unattached children who otherwise would enter foster care. For FY 2013, the Virginia Department of Social Services has decided to completely eliminate this program and as a result the City will no longer be required to provide the local match of \$86,525. Twelve children are currently served in this program but the City anticipates that non-relatives currently providing support to these children will continue to do so.			
Homeless Services	<i>Community Lodgings</i>	0.0	(\$63,250)
Since 2007 the City has provided Community Lodgings, Inc. non-competitive grant funds to provide transitional housing to Alexandrians. Community Lodgings is the only remaining non-profit currently receiving non-competitive funds through a annual cooperative grant agreement. The City provides funding for transitional housing to other non-profits and Community Lodgings through the competitive Alexandria Fund for Human Services process. This reduction would eliminate the non-competitive funds provided to Community Lodgings, Inc. It is not anticipated that there would be a reduction in available transitional housing units as a result of the elimination of these funds.			
Adult Employment	<i>Professional Services</i>	0.0	(\$40,639)
The proposed budget eliminates \$40,639 designated for professional services within JobLink's budget. Even with this reduction JobLink will still be able to maintain support for critical employment related functions.			
Public Assistance	<i>Increased Turnover Savings</i>	0.0	(\$228,890)
The personnel required to work within the Eligibility Determination section of DCHS require a greater degree of customer service skills and knowledge of State programs which can result on longer than normal recruitment periods to fill vacant positions. As a result, DCHS is proposing to increase turnover savings within this activity by \$228,890.			
Supplemental Adjustments			
Activity	Adjustment		FY 2013 Proposed
Community Wrap-Around Services	<i>Senior Therapist</i>	1.0	\$49,816
This supplemental request restores a previously eliminated full-time Senior Therapist position within HomeBased program. The total cost of the position is \$85,816 annually and will be partially offset by \$36,000 in additional fee revenue, for a net General Fund impact of \$49,816. The HomeBased program provides therapeutic services to youth with serious emotional disorders who are at risk of being placed outside of their home and community. This position will improve the capacity of the HomeBased Team and provide additional community-based services to up to 30 youth thus increasing the percentage of youth staying in the community and their homes.			

Department of Community & Human Services

Summary of Budget Changes

Unfunded Positions Carried Over Into FY 2013

Over the past several years General Fund budget reductions have resulted in the positions noted below being unfunded and frozen. These positions are no longer included in the FTE count and their impact is felt through a continued reduction in performance measures. In some cases, positions are unfunded and can be authorized to be filled and their functions continued in the event that special revenue or reimbursement is available to the City.

Activity		FTEs	
Community Services	<i>Admin Support II</i>	(1.00)	(\$21,821)
Admin Support II's are responsible for the orderly and timely filing of caseload information so that it can be readily accessible to Eligibility Workers who deliver benefits to VDSS clients within the state mandate of seven days. Unfunding this position will prohibit DCHS from fully staffing the Records Room and negatively impact internal customer service.			
Community Services	<i>Eligibility Workers</i>	(3.00)	(\$85,497)
These positions are responsible for determining eligibility at initial contact and maintaining continual eligibility for public assistance cases which include TANF, Medicaid and Food Stamps. The increase in caseloads will have a material effect on the quality and timeliness of meeting state mandated standards along with the ability to provide other services to clients.			
Youth Development	<i>Coordinator Youth Services</i>	(1.00)	(\$86,386)
The Director of the Office of Youth Services will assume responsibility for the administrative function previously performed by the Project Coordinator. Additional responsibilities have been divided among the Project staff, so as not to negatively impact the total number of clients served, and other functions may take a lower priority.			
Adult MH & SA	<i>Clinical Psychiatrist</i>	(0.50)	(\$75,151)
This position has been unfunded for several years. Prior to FY 2011 it was included in the Department's FTE count, but no funds were provided for the position. Beginning in FY 2011, to keep DCHS comparable with other City agencies, the unfunded positions are now removed from the FTE count and they are identified here.			
Adult MH & SA	<i>Management Analyst I</i>	(0.50)	(\$38,622)
This position has been unfunded for several years. Prior to FY 2011 it was included in the Department's FTE count, but no funds were provided for the position. Beginning in FY 2011, to keep DCHS comparable with other City agencies, the unfunded positions are now removed from the FTE count and they are identified here.			
Adult MH & SA	<i>Direct Support Technician</i>	(1.00)	(\$55,643)
This position has been unfunded for several years. Prior to FY 2011 it was included in the Department's FTE count, but no funds were provided for the position. Beginning in FY 2011, to keep DCHS comparable with other City agencies, the unfunded positions are now removed from the FTE count and they are identified here.			

Department of Community & Human Services

Health Department

Mission Statement: The mission of the Alexandria Health Department is “to protect and to promote health and well-being in the city communities” – we do this by providing the three core functions of public health: assessment, policy development and assurance. Our vision is “Healthy People, Healthier Communities” – recognizing that health is a continuum across time and that all people in our communities need to enjoy health for our communities to be fully healthy. Our fundamental values are: “working together,” “improving continuously,” and “making a difference.”

Expenditure and Revenue Summary

City Expenditure By Classification	FY 2011 Actual	FY 2012 Approved	FY 2013 Proposed	% Change 2012-2013
Personnel	\$1,798,293	\$1,952,237	\$1,850,239	-5.2%
Non-Personnel	5,027,183	4,967,671	5,047,961	1.6%
Capital Goods Outlay		20,637	32,457	57.3%
Total Expenditures	\$6,825,476	\$6,940,545	\$6,930,657	-0.1%
Less Revenues				
Internal Services	\$0	\$20,637	\$32,457	57.3%
Special Revenue Funds	9,606	0	0	NA
Total Designated Funding Sources	\$9,606	\$20,637	\$32,457	57.3%
Net General Fund Expenditures	\$6,815,870	\$6,919,908	\$6,898,200	-0.3%
Total Department City FTE's	18.32	18.32	15.65	-14.6%

Highlights

- In FY 2013, the proposed General Fund budget for Alexandria Health Department decreased by 0.3%, or, \$21,708.
- A departmental reorganization that took place after the FY 2012 budget was approved is now fully reflected in the proposed FY 2013 budget. Personnel costs decreased by 5.2%, or \$101,998, partially due to a decrease in the City retirement contribution for State employees and the elimination of two part-time positions in the Maternal and Child Care Services program (1.25 FTE and \$86,136); the elimination of one vacant full-time Environmental Health Supervisor position (\$85,995) in the Environmental Health program; and, the elimination of a part-time administrative support position in Leadership and Management Support Services (\$35,549). These decreases are partially offset by the conversion of one part-time vacant Public Health Nurse Aide II (\$45,760) in Adolescent Services to a full-time Emergency Planner position in the Public Health Emergency Management program to assist with emergency preparedness activities in the City (\$106,008); and by an increase in merit step and benefit costs for employees.
- Total non-personnel costs increase by 1.6%, or \$80,290. The increase is partially attributable to an increased City supplement to the State (\$180,291, or 4.5%); offsets are in utilities, vehicle replacement funding and other equipment maintenance; and education and training to reflect anticipated spending in FY 2013. Also, an amount of \$83,855 was reallocated from the Health Department's budget to Alexandria Neighborhood Health Services, Incorporated (ANHSI), to continue to provide primary medical care for patients of the Casey Clinic.
- Capital outlay increased by 57.3%, or \$11,280, attributable to scheduled replacements for two vehicles in FY 2013. This increase is also reflected in the Internal Service Fund which increased by the same percentage and amount.

Selected Performance Measures

Selected Performance Measures	FY 2011 Actual	FY 2012 Approved	FY 2013 Proposed
Number of refugee health assessments	22	20	20
Number of immunization visits	6,215	5,000	6,000
Number of pre-natal care visits	6,349	6,000	6,400
Number of pediatric visits	4,654	5,500	5,000
Number of medical exams provided by Adolescent Health Clinic	962	1,200	1,000
Number of food safety evaluations conducted	2,369	2,000	2,200

FY 2013 Proposed City General Fund Expenditures

* The Public Health Emergency Management Program is partially supported by federal funds.

FY 2013 Proposed Total Expenditures: \$6,930,657
(Does not include State Match Allocation or Grants)

Health Department Funding and Program Expenditure Information

The Alexandria Health Department (AHD) is one of 35 State health district offices of the Virginia Department of Health (VDH). Although it is not a department of the Alexandria City government, AHD works closely with the City on public health issues.

The Health Department is funded through a variety of funding streams:

1. **City Only Funding** – the City provides funding for City employees and specific activities (e.g. the Teen Wellness Center).
2. **The State-City Cooperative (COOP) Match** – consists of the Commonwealth of Virginia’s General Fund appropriation and a concomitant “match” by the City, resulting in an allocation that is 55% State funding and 45% City funding.
3. **The City Salary Supplement** – the City supplements the salaries of most classified State employees so that their salaries are comparable to City salary scales to assist with recruitment and retention.
4. **The City Retirement Supplement** – the City provides funding to supplement all classified State employees retirement through the City Supplemental Retirement plan to assist with recruitment and retention.
5. **State and Federal grants** – some grant funds are provided through VDH and others through the City to enhance public health.
6. **Client fees** – collected from insurance and patients who pay on a sliding scale based on federal poverty guidelines; from restaurant permits; and from issuance of death certificates.

Notes:

- The City’s 45% “match” to the Cooperative Budget (#2, above) and the City Salary Supplement (#3) are committed annually via a signed local agreement between the City and the State Department of Health. These funds are paid on a quarterly basis to VDH.
- The City’s All Funds budget reported herein does NOT include the State’s General Fund appropriation to the Health Department or the federal and State grants.
- VDH funding is based on a different programmatic structure than the programs and activities identified herein in the City’s Managing for Results Initiative. Consequently, some programs or activities reported show \$0 City dollars or no FTEs. These activities are funded either through the State-City Cooperative Match or by federal or State grants. Performance measures for these programs and activities are provided, if available, since these are important functions of the Health Department regardless of the source of funding
- Allocation of State and grant funding by activities are not available within the framework of the City’s Managing for Results Initiative.

Health Department

Health Department

Summary of Budget Changes

Supplemental Request

Activity	Adjustment	FTE	FY 2013 Proposed
Public Health Emergency Management	<i>Emergency Planner</i>	1.0	\$106,008
The Health Department proposes to convert a vacant Public Health Nurse Aide II position (\$45,760 and 0.75 FTE) to a full-time Emergency Planner position (\$106,008) to assist with emergency preparedness activities in the City. Due to the volatility of State and Federal grants, this currently grant funded position will be converted to a full-time City funded position for retention strategy. The related cost increases (\$60,248 and 0.25 FTE) are absorbed in the series of reductions described below and there is no net new costs to the City.			

Reductions

Activity	Reduction Option	FTE	FY 2013 Proposed
Teen Wellness Center	<i>Public Health Nurse Aide II</i>	(0.75)	(\$45,760)
As part of the department's employee retention strategy, one vacant part-time Public Health Nurse Aide II position will be converted to a full-time City funded Emergency Planner position to assist with emergency preparedness activities in the City.			
Environmental Health	<i>Respiratory Health</i>	(0.25)	(\$27,847)
The department proposes to eliminate the Respiratory Health activity and to distribute its related duties to other personnel in the department.			
Vector Control	<i>Environmental Health Supervisor</i>	(0.75)	(\$85,995)
One vacant part-time Environmental Health Supervisor position is proposed to be eliminated with no anticipated service impact to the City.			
Leadership & Management	<i>Administrative Support</i>	(0.75)	(\$35,549)
One part-time Administrative Support position will be eliminated in FY 2013. The duties for this position will be handled by other personnel in the department.			
Prenatal Care & Case Management	<i>Public Health Nurse II & Administrative Support II</i>	(1.25)	(\$86,136)
One part-time Public Health Nurse II (0.75 FTE and \$66,309) and one part-time Administrative Support II position (0.25 FTE and \$19,827) are proposed to be eliminated in FY 2013. The duties for these positions will be handled by other personnel in the Prenatal and Case Management activity.			

Other Health Activities

Mission Statement: This section summarizes City contributions to regional and non-profit organizations that provide health care or health-related services to Alexandria residents. (The City also provides funds to the Alexandria Health Department, a State agency.)

INOVA Total \$ Amount of Indigent Care Provided to Alexandria Residents (CY)	\$12,100,000	\$11,100,000
Arlandria Clinic # of Alexandria Patient Visits (FY)	20,427	23,616
Arlandria Clinic City Contribution Per Visit (FY)	\$15.9	\$13.8

Other Health Background

INOVA Alexandria Hospital

INOVA Alexandria Hospital and the City of Alexandria have a long history of cooperation in attempting to meet the health care needs of our low-income residents. Since the mid 1940s the Hospital has been exempt from the payment of real property and business tangible taxes to the City. Prior to 1982, the City contributed to the support of the hospital's emergency department and inpatient care. In 1982 the City contributed \$315,000 to the Hospital for "indigent care." The amount gradually increased, and since 1991, the City has contributed \$700,000 annually to the Hospital to help offset costs for indigent inpatient care for City residents. In FY 2012, City Council added \$100,000 to the contribution to the Hospital. The proposed budget for FY 2013 remains the same at the approved FY 2012 budget level of \$800,000.

Arlandria Health Center*

The proposed budget for FY 2013, including all sources of funds, is \$7.0 million, an increase of \$0. 6 million compared to FY 2012. In FY 2011 ANHSI received 27.4% (\$1.7 million) of its funding from federal sources, such as the federal Community Health Center Program, under the Health Resources and Service Administration's Bureau of Primary Health Care and other federal grant programs.

* The Arlandria Health Center (formerly the Arlandria Health Center for Women and Children) began in 1993 as a unique public-private partnership between the City of Alexandria, the Alexandria Health Department, the Commonwealth of Virginia, and the private sector. Alexandria Neighborhood Health Services, Inc. (ANHSI), a not-for-profit organization, was created in 1996 to sustain and manage the clinic as the initial federal funding obtained by the Alexandria Health Department ended. In late 2003, ANHSI was awarded a three-year federal grant to establish and operate a Community Health Center (CHC) in Alexandria, known as the Arlandria Health Center. As Northern Virginia's first Federally Qualified Community Health Center, the Arlandria Health Center expanded its array of primary care services and began serving men.

Other Health Activities

The City Contribution to ANHSI is increasing from \$325,000 in FY 2012 to \$510,000 in FY 2013, including approximately \$84,000 from the Alexandria Health Department to ANHSI to reflect the transfer of services at the Casey Clinic. ANHSI has also requested an additional \$26,000 to cover increasing costs at the Casey Clinic to care for former Health Department patients.

The remaining increase of \$75,000 was budgeted in Contingent Reserves in FY 2012 for the transportation of ANHSI patients who require diagnosis and specialty care out of the local area, usually provided at the University of Virginia Hospital in Charlottesville as well as at other locations in the region. These patients often require follow-up medical tests and treatment as well as transportation to and from designated medical facilities. In FY 2013, the funds have been moved from Contingent Reserves to ANHSI.

ANHSI reports serving 12,998 individuals during CY2011 and providing 42,938 health care visits. Recent data provided by ANHSI indicates that 55% or 7,149, are from the City of Alexandria with 23,616 visits; 11%, or 1,430, from Arlington County; 32%, or 4,159, from Fairfax County, Fairfax City and Falls Church; and 2%, or 260, from Prince William and Loudoun Counties. ANHSI also reports that 80% of total patients are uninsured, including 90% of adults and 10% of children. In addition, ANHSI reports that Arlington County contributes approximately \$70,958 of in-kind support for dental (\$25,112) and primary care services (\$45,846). ANHSI has requested additional funding from Arlington County.

Health Systems Agency of Northern Virginia

The Health Systems Agency (HSA) of Northern Virginia was incorporated in 1975 as a Virginia non-profit organization to ensure accessible health facilities in the Northern Virginia area and to prevent unnecessary duplication of health resources by providing health planning and coordination of services with other health organizations and agencies. In June 1990, the HSA was designated the regional health planning agency for Northern Virginia by the Virginia Health Planning Board under the authority of the Virginia Health Planning and Resources Development Act. Participating local jurisdictions are asked to contribute roughly ten cents per capita to the HSA for FY 2012. Alexandria's share for FY 2013 is \$14,000.
